

MAKE MY DAY

(L: Chief Larsen, M: Uli 'Gibson' Hoffmann)

Get outa my way, ya better step aside
Cos I'm a devil on the run
Jeans and leather, and a busty bride
I wanna have some fun

I got my mates around and we're really strong
the stars are shining bright
We're bound to rock but don't get me wrong
Yeah baby, it's alright

V8-car, tattoos, rock 'n' roll and booze
Tonight's the night, I feel alright, I'm gonna win or lose

'Cos I'm an old school rock 'n' roller
I live a true life my own way
I'm an old school rock 'n' roller
You better make my day

Don't lie to me, I won't lie to you
Don't you mess me 'round
Rock 'n' roll ain't a fairytale
It's the real life's sound

I'm in the mood for that rockin' thing
Another beer is what I need
Let's stick together in a fiery ring
Fierce fat sound make my ears bleed

V8-car, tattoos, rock 'n' roll and booze
Tonight's the night, I feel alright, I'm gonna win or lose

'Cos I'm an old school rock 'n' roller
I live a true life my own way
I'm an old school rock 'n' roller
You better make my day
