

## **GO DOWN TO HELL**

*(L&M: U. `Gibson` Hoffmann)*

So , your boss gonna drive you crazy  
So , your boss gonna make you sick  
Working nine to five , six days a week  
No way out of this circle , no way to run from this freak

Go down to hell , out of my way , go down to Hell  
Go down to hell , out of my life  
Where you can be , you can be what you want

So , these people gonna drive you crazy  
So , these people gonna make you sick  
Spite you all the time , seven days a week  
No way out of this circle , no way to run from this freaks

Go down to hell , out of my way , go down to Hell  
Go down to hell , out of my life  
Where you can be , you can be what you want

Maybe someday you can get away  
Maybe someday you can get away from this place

So , your job gonna drive you crazy  
So , your job gonna make you sick  
Working nine to five , six days a week  
No way out of this circle , no way to run from this freak

Go down to hell , out of my way , go down to Hell  
Go down to hell , out of my life , go down to Hell  
Go down to hell , out of my way , go down to Hell  
Go down to hell , out of my life  
Where you can be , you can be what you want  
Go down to hell
