

PICTURES OF WAR

(L&M: Uli `Gibson` Hoffmann)

Pictures of war, every day on TV
Like a nightmare in my soul
Death and destruction, every night
It's the Matter of course today

Don't want to see children crying
Mothers running, fathers dying
Don't want to see these crimes anymore
These pictures of war

Houses in flames, blood all around
Ragin` marauders everywhere
Suicide kids, in the name of a god
Terror, pain against a different faith

Don't want to see children crying
Mothers running, fathers dying
Don't want to see these crimes anymore
These pictures of war

Marches of protest, force causes fear
Try to tear down walls in mind
Freedom and peace, the first human right
It's not the brutal law of death

Don't want to see children crying
Mothers running, fathers dying
Don't want to see these crimes anymore
These pictures of war
These pictures of war
These pictures of war
