

## **NO DOUBT**

*(L: Sir Marlowe, M: Uli `Gibson` Hoffmann)*

You hear great noise, you feel the power  
You got to know we are a rock `n` roll band  
Let us hear you , let us be near you  
Let us rock you all the night time away

There is no doubt – still no doubt	There is no doubt – still no doubt
There is no doubt – still no doubt	We are rockin`....again

We`re playin` the rhythm, we`re playin` the rocker  
No compromise for you and the band  
Got no profession, got no illusion  
We walk the way on the borderline

There is no doubt – still no doubt	There is no doubt – still no doubt
There is no doubt – still no doubt	We are rockin`....again

Come on cry out loud, heavy guitar thunder  
Do the rock, that`s all we want  
The drums are beatin` , the bass is steamin`  
Forget your jobs, it`s a hot rockin` night

There is no doubt – still no doubt	There is no doubt – still no doubt
There is no doubt – still no doubt	We are rockin`....again

Our music is build of metal and steel  
Our souls are called rock `n` roll  
Fight the fight against sickness of time  
Give all you have means be able to live

There is no doubt – still no doubt	There is no doubt – still no doubt
There is no doubt – still no doubt	We are rockin`....again

You hear great noise, you feel the power  
You got to know we are a rock `n` roll band  
Let us hear you , let us be near you  
Let us rock you all the night time away

There is no doubt – still no doubt	There is no doubt – still no doubt
There is no doubt – still no doubt	We are rockin`....again
