

WE ROCK YOU

(L&M: Sir Marlowe)

We see your faces, read your dancing bodies
We'll never fail, six strings nine lives
rocking with you together, that's all we want

We rock you – (shout it out loud)
We want you – (eat your heart out)
We can't go – (without your souls)
We rock you !

We're playing the ace card, it's a winning game
Time is stopped an' we never grow old
Rock blooded, rock'n' roll over you

We rock you – (shout it out loud)
We want you – (eat your heart out)
We can't go – (without your souls)
We rock you !

We rock you – (shout it out loud)
We want you – (eat your heart out)
We can't go – (without your souls)
We rock you !

We rock you – (shout it out loud)
We want you – (eat your heart out)
We can't go – (without your souls)
We rock you !

We rock you – (shout it out loud)
We want you – (eat your heart out)
We can't go – (without your souls)
We rock you !

We rock you – (shout it out loud)
We want you – (eat your heart out)
We can't go – (without your souls)
We rock you !
