

WATCH OUT !

(L&M: Uli `Gibson` Hoffmann)

Everyone says he`s a wise man - what he says must be done
Everytime he is preaching - the crowd is on the run

And when the night comes down -everybody`s screamin`,everybody`s screamin`
The evil`s on the run - so watch out, watch out !

Watch out for the wrong messiah, Can`t deliver on what he`s preaching
Watch out for the wrong liberator He`s just pretending
Watch what he says !
Watch what he says !

Behind the mask of honour - you can see his real face
Beside that smiling faces - greenbacks set the pace

And if you`re in his claws - he never let you go, never let you go
The evil`s on the run - so watch out, watch out !

Watch out for the wrong messiah, Can`t deliver on what he`s preaching
Watch out for the wrong liberator He`s just pretending
Watch what he says !
Watch what he says ! Watch out !

The holy book , the money - The borders fade away
We`re looking for some shelter - And that`s the price we pay

Watch out for the wrong messiah, Can`t deliver on what he`s preaching
Watch out for the wrong liberator He`s just pretending

Watch out for the wrong messiah, Can`t deliver on what he`s preaching
Watch out for the wrong liberator He`s just pretending
Watch what he says !
