

# **MAN ON A MISSION**

*(L&M: Uli `Gibson` Hoffmann)*

You know I never can lose I`ve never been a nice guy  
Always been a fighter Listen to my rebel yell

No way is too hard for me to go  
I always be the first in line

I`m not a man on the run - nobody can slow me down  
I am a man on a mission  
I`m not a man on the run - standin` on ground  
I am a man on a mission

Got no time for the past , got no time for the future  
Never looking back , don`t worry `bout the things I`ve done

No way is too hard for me to go  
I always be the first in line

I`m not a man on the run - nobody can slow me down  
I am a man on a mission  
I`m not a man on the run - standin` on ground  
I am a man on a mission

On a mission On a mission  
On a mission let`s go

I`m not a man on the run - nobody slow me down  
I am a man on a mission  
I`m not a man on the run - standin` on ground  
I am a man on a mission

I`m not a man on the run - nobody slow me down  
I am a man on a mission  
I`m not a man on the run - standin` on ground  
I am a man on a mission

On a mission
