

## **NICE TO SEE YOU**

*(L&M: Sir Marlowe)*

Sitting in an ol' bar, drinkin' my beer  
Listen to the music, Schumi one more beer  
My old chum is sitting on a chair on my right side  
Around me hot girls, dirty girls

We're all pretty people !  
Nice to see you here !

Bikers at the pool, playing with fun  
Several jackets, picture on their back  
I know they are friendly, only looking wild  
I feel so drunk, Schumi one more beer

We're all pretty people !  
Nice to see you here !

Now, could it be a stampede ? Big noise in my ears  
Fist fightin' man all around  
Three nice guys want to use their pumpguns  
It's really better to take a seat below

We're all pretty people !  
Nice to see you here !
